scouts fight against corona 2.0

Rovers & Rangers Unit Government College Karsog

 $\{10^{TH} MAY 2021 - 15^{TH} JULY 2021\}$

Everyone is affected today in this era of pandemic, but its most direct impact is being seen on the young generation. During these critical times it is very important that all Scouts and youth groups stay safe at home by following the guidelines issued by the World Health Organization and the Ministry of Health, Government of India. But at the same time, we also have to keep in mind that staying safe does not mean that we waste our time by sitting at home, but keep learning something new and creative.

As Scouts, we are always prepared. We once again have an action- packed project SCOUTS FIGHT AGAINST CORONA 2.0 under which the main objectives of the project are-

- -To make the members of the state organization physically fit, mentally alert, socially aware, emotionally strong and morally upright and truthful.
- Physical and mental development of Scouts- Guides, Rover- Rangers and adult members through the activities mentioned in the projects.

Together we will fight and win this battle of Corona.
