### 3.1 Classroom

The classrooms of a college play a vital role in creating a productive and engaging learning environment for students. Our college classrooms are well-designed and spacious, and are equipped with comfortable desks, proper ventilation, and adequate lighting to ensure a conducive atmosphere for academic activities. There is a total of 21 classrooms in the college, excluding the College Hall, Seminar Hall, Girls' Common Room, and laboratories. Out of these 21 classrooms, some of them are equipped with smart boards, which assist teachers in pursuing modern teaching practices.
