## 5.2.4 Plastic free campus

The college ensures to cut out disposable plastic and swap it with better alternatives whenever we can.

- Adhering to the guidelines of the Government of Himachal Pradesh to become plastic-free, our institution is following the state's lead and taking steps to go plastic-free.
- The institution aims to reduce the plastic waste and pollution in and around the campus.
- We organise Environment awareness drives, plastic free awareness rallies and sensitisation programmes on the regular basis to eradicate the use of plastic.
- The college manages plastic waste by practicing the 3Rs-Reduce, Reuse, and Recycle- and by turning discarded plastic into useful items, moving us closer to a plastic-free campus.
- Earthen pots have been placed throughout the campus as a simple, visual reminder of our commitment to environmental stewardship and to sustainable practices.
- In every classroom, students have turned cardboard boxes into dustbins for collecting dry waste.
