5.2.6 Adoption of villages

The NSS unit of the institution has adopted the nearby village of Sanana, while the R&R unit has taken responsibility for Kani Mandlah. Together they have pioneered a range of community-development initiatives. These initiatives aimed at improvement and development of the villages. Their efforts include raising awareness about drug abuse, environmental protection, plantation drives, garbage-collection campaigns, organizing regular cleanliness drives, and periodically cleaning natural water sources. They also offer various services to assist the needy, and donate essential items such as clothing, shoes, books etc., thereby fostering a spirit of responsibility, sustainable development, compassion and helpfulness towards others.
