### **5.5 Collaboration with educational institution/research institution**

Collaborative work is a regular practice at our institution. In the academic session 2024- 25 we have signed a Memorandum of Understanding (MoU) with the Nucleus of Learning and Development, Vadodara, Government College Seraj at Lambathach, Mandi, HP.

These MoU are signed with the aim of expanding the framework of knowledge and learning. The partnership will enable:

- Joint research projects and seminars that bring together faculty and students from both institutions.
- Faculty-exchange programmes to share teaching methodologies and industry insights.
- Development of interdisciplinary courses and skill-building workshops tailored to emerging market needs.
- To initiate certificate courses by pooling resources and expertise, the MoUs seek to enrich the academic experience, foster innovation, and create lasting benefits for our students, faculty, and the wider community.
