Suggestions/Comments

Rooms are not available for pg. students.
Provide separate and clean washrooms.
There should be separate toilet facility for male and female faculty members
Everything is good
Infrastructure is not well maintained and rooms for classes especially pg. classes are not available
New ideas for institutional growth and development from young and newly inducted staff should be incorporated in meeting with IQAC.
1. No cultural functions, talks, or any other activities, apart from regular classes, should take place before 1 PM in the College Campus. 2. Active participation of the College Students' Association should be encouraged to enhance leadership skills and a sense of belonging among students. 3. If a committee fails to complete the assigned work or performs poorly, the convener should be asked to provide an explanation, not the members. 4. Apart from few very important functions like Annual function, CSCA functioned. no other function or activity should take place for a duration of more than 2 hours.
Sitting capacity of library should be increased and financial grants should be provided to teachers for participation and organising conference etc. and promoting research.
More emphasis should be laid on the practical aspects of learning.
