Comments/Suggestions from Alumni

No
Karsog College is the best College of the City
College should have own Auditorium and indoor stadium in near prospect of boys hostel and staff quarters should be looked out.
It moulds our lives with knowledge, confidence, wisdom, values and equips us with the ability to contribute towards the betterment of society. Undoubtedly, school education is the vital part and the primary requisite of our foundation but college education is very important to sustain and grow in life.
Keep Growing

Government Degree College is a best place to explore your inner skills. I was very fond of learning Theatre during my Graduation years.
Nothing
Enhance the physical and mental skills of students.
Everything is Okay
Fulfil the staff for every stream.

I have learned a lot from this institute. Hearties thanks to all the teachers and staff. How I become the member alumni association of college.
Improvement require in clerical staff
Having cherished the golden years I spent at GDC Karsog, I suggest establishing an annual alumni get-together. Since my graduation in 2007, my visits have been limited, but the memories endure. Such gatherings would reconnect alumni, fostering idea exchange and enriching experiences. I believe this tradition could strengthen our bonds and benefit both the college and its graduates.
The College was good at our times and I want to say that the vacant posts of staff should be filled and some of them are recently filled, which is good and infrastructure and facilities should be enhanced in order to improve the quality of education and do overall development of students.
The college campus is great, good airy classrooms and labs, throughout the course the teaching and non teaching staff has been very supportive. They have guided us from time to time and helped making a strong foundation in the subject matter also. Good exposure to each and every type of experiment was provided in the labs. College also offers exposure to extra curricular activities which helps in the overall development of the students. -- Sourav Gautam
Great work
Now days, I see the lack of discipline in the college
The College has held many records in academics and extracurricular activities in the last 25 years. There is now a need to start postgraduate courses, though in some areas they have already been started. We can make efforts to support postgraduate courses in the sciences and commerce. Alumni support could be helpful in this respect,so alumini meetings must be held regularly. Thanks
